ABSTRACT

In this article, the future of the literary nation lies in the realization of the identity of each nation in the expansion of the spiritual outlook and social development of one's mother tongue and the incomparable role of literature is stated.

Key words: *Language, mother tongue, literature, homeland, nation, Uzbek language, development, reform, interactive, communication.*

Introduction

The essence of the main goal of all reforms implemented in our country to create decent living conditions for our people; "Reform is not for the sake of reform, man for, for his interests", is to implement the noble idea. Spiritual renewal, transparency and social justice observed in our society in recent years The priority of the principles will multiply the feeling of confidence in the future in the hearts of people increases. Language is also a function of communication. As we all know, he was famous "The lock of the heart is the lock of the cellar, the lock of the heart is the lock of the tongue, and the key of the door is the key of the door, know the words" belonging to our grandfather A. Navoi.[1] Language is the treasure of the human heart, the key to this treasure of the heart is the word. These are the words of the Uzbek language as meaningful as a classification with a single meaning through several words can be expressed. For example, the word eye has several meanings. We know that a word belonging to the same content is a synonym if it is expressed by several words if there are many words, this language is said to be rich. Many of our writers are about language who spoke many words of wisdom and defined language in many ways. For example, "Language-nation mirror", "Language-spirituality mirror", "Language is the priceless wealth of the nation" and so on. It should be noted that the Uzbek language has the status of the national language of our people was one of the important steps on the way to independence.[2]

Main body

Many of our writers are about language who spoke many wise words and defined the language in different ways. For example, "Language-nation mirror", "Language-spirituality mirror", "Language is the priceless wealth of the nation" and so on. It should be noted that granting the status of the state language to the Uzbek language is the national language of our people was one of the important steps towards independence.

During the years of independence it is important in the development of our language as well as in all areas in our country changes have occurred. Uzbek the reputation of the language at the international level has increased.[3] “State language about” law with the full display of all the beauty and charm of our native language at the same time, it created wide opportunities for its development on a scientific basis. Scientists and encyclopedias and dictionaries related to science and various fields, textbooks by specialists and training manuals were published. Samples of our classic literature, eighty thousand more words and phrases related to science, technology, industry, culture and other fields the five-volume “Uzbek explanatory dictionary of the language” is one of the most important works carried out in this regard.[4]

Conclusion

In conclusion, love the language, respect it, love the nation and appreciate it. is equal to Every nation has its own way of life, customs and culture finds its expression in the language. It is not for nothing that it is said that the language is the mirror of the nation. How many of our people century-old rich history, ancient and rich culture was formed under the influence of the Uzbek language. Great our poet Alisher Navoi created priceless works in this language and amazed the world. Today’s visit of delegations of our country, our youth in all countries of the world In honor of the achievements and victories of our athletes, our national anthem is sung in Uzbek. We to preserve our native language, increase its prestige, its beauty and purity to leave as a legacy to the generations, to make our contribution in introducing it to the world.
