6. Conversing
7. Using dictionary and Thesaurus

Ways to Improve Your Vocabulary

Vocabulary is something that cannot be taught to someone. Children need to improve their skills in their own way. As a teacher or a parent, we can only guide them in the right direction to improve their vocabulary to have better communication skills. To guide your kid on the right path, refer to the tips provided below.

Reading Habits Reading Newspapers, Blogs, Books, and Magazines

Improving reading habits can be really helpful for kids to increase their vocabulary. If it is a book out of your preferred genres, a magazine, or a good newspaper, then you will come across various new words. In case you are unaware of the meaning of the

words, you can refer to a dictionary and find the meaning. Then you can use the words in various sentences for a better understanding of the word.

Write

If you write down with bright colored pencils or pens, you will remember which word is which color. This will increase your vocabulary as well as your memory. By memorizing new words by writing them down, you will also learn how to spell words correctly.

Do not limit yourself to one new word

Never limit yourself. If you want to learn a new word, try to find its other forms which are noun form, verb form, adjective and adverbial forms. For example: if we take the word carefulness, this is Try to find adjectives, adverbs and verb forms.

Carefulness (noun)

Careful (adjective)

Care (verb)

Carefully (adverb)

Listen phonetically/transcript

Phonetic learning method is also very useful and effective. If you memorize a new word without memorizing it by giving it a definition, you will both memorize the word and improve your speaking skills.

Look into synonyms

Another interesting way is to use synonyms. This is especially useful if you want to write an essay. It is especially important to find and memorize words that have the same meaning as that word.

Amazing -incredible

wonderful

marvellous

astonishing

phenominal

stunning

sensational

awesome

staggering

Conversing

Kids are always encouraged to communicate in English with their friends in the classroom, and that is the most effective way of improving vocabulary. An effective conversation includes speaking and listening. Therefore, a conversation can be helpful in a way to learn and also help someone else to learn. You can converse either with fluent speakers or even with your fellow learners. Conversations can be really helpful in improving your vocabulary and also your fluency.

Vocabulary skills can be improved in various ways. But the child must have an interest in learning. To have an effective conversation, it is essential to become a good listener and a good speaker, which can be helpful in improving your vocabulary.

Using Dictionary and Thesaurus

Using a dictionary and a thesaurus while reading is a good way of improving your vocabulary skills. However, nowadays, digitalised dictionaries and thesauri are available. A lot of dictionary applications are available on the internet, which makes it even easier. We do not have to carry a dictionary nowadays. It helps in finding the meaning and origin of a new word immediately.

Maintaining a Diary

Writing about your daily activities, your thoughts and ideas in a diary every day, helps you improve your vocabulary. You get acquainted with the style of writing and use various words. Since you have the habit of reading, you can also use the newly learnt words, which will help you strengthen your vocabulary.
