**Annotation:** The Middle East tourist region in Southeast Asia located in the Arab countries and in the north of Africa Includes the Arab Republic of Egypt and Libya. This is touristic the region includes a total of 14 countries. The region is geographical, a large area that is historically and socio-economically diverse occupies.

**Key words:** Middle East tourist region, United Arab Emirates tourism, Saudi Arabia tourism, Tourism of the Arab Republic of Egypt.

**Introduction:** The region consists of 3 continents, namely Europe, Africa and Asia located at the intersection. Countries in the region Atlantic and Indian there are many opportunities to go to the ocean. Especially Egyptian Arab Republic and the United Arab Emirates to the sea there is a big chance of exit.

The topography of the region is diverse, mostly mountainous regions of the region, as well as the ancient plains of Mesopotamia, the Nile composed of deltas. The climate of the region is subtropical and tropical It consists of climate regions and air temperature throughout the year it is characterized by high altitude and dry air. The main desert landscapes are widespread. There are many Middle Eastern countries It is distinguished by its wealth of historical and cultural monuments. From ancient monuments to ancient Roman culture, to the Middle Ages monuments related to Arab culture are widespread. In general, this is a tourist region from the point of view of tourism development is one of the favorable regions. The region is natural and cultural the uniqueness of the monuments is different for this region has the ability to attract tourists from the regions. In the region opportunities for the development of domestic tourism and the population of the country they believe in religion. They are close to each other in terms of language and culture.

United Arab Emirates tourism. United Arab Emirates (area 83,600 km<sup>2</sup> population 9.7million people, GDP per capita is 69,896 US dollars is one of the countries located on the Arabia Peninsula, developed its economy at the expense of oil

sales. The largest city and The main tourist center is Dubai, the capital of the Middle East is a business center. The largest in the world in Dubai supermarket "Markaz" is located. Almost everything here you can buy. Another big city of the country is Abu Dhabi, which attracts tourists "Jazira Beach" accepts "Khalida-Palas" and other hotels. The city of Sharjah in the United Arab Emirates is a tourist catchphrase according to "Shakhrizoda's fairy-tale city". In recent years, tourism infrastructure in Arab countries great attention is paid to its development. "Emirates" of the country named airline is the most reliable airline in the world is one of the companies and provides unique services is enough. For example, the seats on the company's planes rear parts are equipped with special TV screens. Passengers even takeoff and landing minutes on these screens will be able to observe. Great attention is paid to cleanliness and tidiness in the country. Littering is punishable by heavy fines. Emirates, they don't like to be photographed by tourists. This feature If you remember it, it will be useful.

Saudi Arabia tourism. The area of Saudi Arabia is 2.1 million km<sup>2</sup>. Number of inhabitants 33 million people (2018). The capital city is Riyadh. The level of urbanization is 80%. Almost all of Arabia is half a large country occupying the island. The largest religion of Islam in the country The temple of the Holy Kaaba is located in the city of Mecca. Saudi Arabia is an absolute monarchy according to the state system. the local ruler, the sultan, has almost unlimited power in his hands embodied. In this country, Sharia law is the main law dominates as a complex. Features above had an impact on the tourism industry. Alcohol to the country drinks and even beer are not allowed. All kinds of sausages and pork from food the import of meat is also prohibited. The holy cities of Mecca and the entry of non-Muslims into Medina not allowed at all.

Tourism of the Arab Republic of Egypt. The total area of the Arab Republic of Egypt is 1 million km<sup>2</sup>. The population is 99 million people (2019), 98% of them consists of Egyptians (Arabs belonging to the Eastern Hamite group). The capital city is Cairo. The level of urbanization is 50%. Literacy level is 48%. The total volume of domestic national product is billion US dollars (US\$3010 per capita). 2010 received more than 14 million tourists in 2014, 9.6 million in 2014 million, in 2016 it was 5.2 million. So political instability of the situation is an indicator of negative dynamics in tourism gave Tourism in this country is mainly cultural and historical monuments, famous shrines, palaces and temples of pharaohs directly related to These monuments are embodied in the Nile Valley (from Cairo in the north to Oswan Reservoir in the south). In the 1980s, the Egyptian government beached on the shores of the Red Sea began to develop tourism. According to the plan, this is the main one the tourist center was decided to be in the city of Hurghada. In the 1990s tourists visiting this region from Western Europe 7 tourist centers were established for In the late 1990s the number of foreign tourists exceeded 2 million. Tourists the ancient cities of Egypt play an important role in the reception is enough. According to historical documents, Cairo

was founded in 969 AD found 20% of the country's population lives in the city. North of Cairo, it was famous 3000 years ago Memphis is the ancient capital of Egypt. of Cairo the largest hotel "Hilton". The famous "Egyptian Museum" in 1858 founded by the French antiquarian Miret, has gained great fame among tourists. Famous in the museum the treasure of pharaoh Tutankhamun is also kept. That's all here More than 100,000 exhibits are stored. Giza of Egypt one of the most famous places. It is famous all over the world there are ehrsams. In addition, pharaoh Cheops (Khufu) Ihram occupies a special place. This is the current height of the ihram It is 137 meters long, and more than 2 million stones were used for its construction. Alexandria to this ancient city on the Mediterranean Sea Alexander of Macedonia in 332-331 BC founded by of Egypt during the Ptolemaic dynasty was the capital. The palace of the former kings is "Al Montada" part of this complex is now a luxury hotel converted. Tourists of the Greco-Roman Museum in Alexandria became famous among them, and it was here that he gained great fame "Tanagra" is sculpted. Ancient Egypt with Sudan was the main trading center. Osvan reservoir 130 billion cubic meter capacity, it is large in the national economy is important. Ancient Egypt carved on rocks temples are located near Abu Simbel, tourists very popular among These temples were built by Pharaoh 3200 years ago It was built in honor of Ramses II. Located nearby "Amon-Ra" from the 15th-12th centuries BC in Luxor temple is located. In recent years, dating tourism in Egypt, archaeological tourism, beach tourism is developing, which is attracting tourists to the country. From the new resorts, Matru, Safaga, Marsa Alam, Ras Sidr and others. 11 million in 2018 more than 11 million tourists visited exceeded US dollars. Currently, Egypt's "Protection of ancient monuments "Committee" to renovate six large synagogues is considering the project. These structures are Luxor and located in Osvan region: Kom Ombo, Edfy Dendar, Karnak and others. This project will be implemented in the future is part of a grand plan.
