Young Madina, she was born on November 1, 2006 in Mirzabuloq MFY, Gallaorol District, Jizzakh Region, has many dreams. One of them is to become a world champion. It is no exaggeration to say that his parents O'sarov Inomjon and O'sarova Khulkar are giving him great support and training. The greatest contribution of parents is their contribution to child education. Madina earned the trust of your parents through such achievements. Currently, she is working hardly to turn her dream of becoming a world champion into a goal. A few months ago, on

February 22, 2023, on March 3, 2023, she won a bronze medal in the shot put event at the traditional Fazza Grand Prix Para Athletics tournament in Dubai, United Arab Emirates. His interest in sports appeared when he was in primary school. The Para Olympic Games are an international sports competition for people with disabilities. Despite the fact that there are participants in this competition, they adequately protect the honor of their country.

Medina's dream is to raise the flag of Uzbekistan in the future and train worthy students like him. She is training with her coach Abdukholikov Sardor in the championship to be held in Paris, France in 2024. We wish them success. Sport raises the name of the country to the heights. Attention to sports is better than ever. It is worth noting that the Para Olympic sport is not left out of this process. On October 25-27 of this year, at the Para Asian Games in Hangzhou, China, she took part in the women's F41 class of discus throwing and won a bronze medal with a result of 19.55 meters. Several young generations of Uzbekistan took part in this competition. Along with this, Madina Mukhtarova, a student of Shukhrat Utanov, a physical education teacher of the 24th school, who lives in the Gallaral district of the Jizzakh region, won a bronze medal in the shot put competition.
