

## FOOTBALL COMPETITIONS ORGANIZATION

*T.Q.Soitpolotov - Academy of Kazakhstan*

**Key words:** football sport, types of competition, organization, forms of holding, competition charter, area dimensions

Football competitions are the main part of educational activities. They are in training increases interest, helps mass development of football in the country. Football player in games regularly not participating standing up high to the results reach can't. Competitions competition attend the level of physical, technical, tactical and moral-will training of the players and the team as a whole determines training process status and determine direction enable will give. Competition results educational work finish tool being serves.

Competitions are determined, on the way to victory willpower, enterprise team, city, republic, country in front of fosters a sense of responsibility. Your game is emotional tension Don't be a player psychological features to determine possibility will give. It's open in the air held competitions Participatory health care in terms of big important have being physical is one of the most common and valuable means of development. Competitions attract a large number of spectators to do with football promote to do and popularization powerful tool being service does. They are competition participants and to the audience organizer influencing audience? physical education and sports with to actively engage attracts

Football of the judge educator - pedagogue and game leader as importance very big Clearly arbitration to do, strictly against the roughness that happens on the field and the indiscipline of some players to fight competing the team to the players own timely rebuke and instructions to give the competition tactical and technically at a high level to transfer will help.

To the tasks ahead looking competitions main and participating in auxiliary competitions possible Classification of sports organized according to the requirements of the unified sports classification and according to the results competitions that are determined and named as the winner or champion to the main competitions enters.

The main type of competitions are calendar competitions, which are the only calendar of sports events in the plan mean is made and in accordance with the approved statute will be held.

The following of competitions main types includes:

- primacy or championships;
- cup competitions;
- sorting competitions.

First or championships - the most responsible there are competitions their results according to the winning team will be awarded the championship title. This type of organization of competitions is the strength of teams to reasonable assessment, take going training of work allows to compare the quality. Cup competitions attract a lot of teams and determine the winner in a relatively short period of time in order to will be held. Cup competitions the most is it good consistency with get principle according to will be held. Sorting competitions don't compete next the strongest to participate in the stage teams determination held for the purpose.

Don't compete helper types the following includes:

- control meetings;
- friendship meetings;
- exemplary meetings;
- shortened competitions.

Control meetings Is it a team? future preparation for competitions and the preparation of my teacher conducted for inspection purposes. Friendly meetings for educational purposes or traditional competitions in the plan will be held. Exemplary meetings football to publicize and sports skills serves to show. Abbreviated competitions a few hour during will be held. they are usually holiday days and sports of the season opening or scheduled for closing days. Such Is it a competition? in transfer game time is shortened. Abbreviated don't compete program only game transfer rather than don't play technical or physical preparation circle competitions also own into take possible

Taking into account the features of the organizational structure of the physical education movement in our country republics, provinces, cities and physical education in teams held football of competitions a specific system has been developed. This system is a regional competition of various scales and institution prispini account received without continuous consistent to be and alternately to stand Demand is enough. This of competitions one road two in the place to be My team is too busy, long to prevent time travel and for valuable training work in teams allows to create conditions. General summary schedule of the competition just a list of events it's not, perhaps football of sports organizations more development on the surface together take going is a well-thought-out plan of affairs . He organizes regional and departmental competitions transfer with related all is it a problem own into takes republic, region country and city the collective calendar plan of the competitions planned by the higher organizations account taking, 4 yearly by doing it is appropriate to make. Necessary as amended then the general collective plan for football is mass of the relevant physical education and sports committees sports to the plan of events is entered and all sports organizers for mandatory is considered

In practice, three main systems of the game have been decided: round system, one or two losers after from the game out outgoing system, previous two of the system from the combination consists of has been mixed system.

Of the competition circular in the system each a team if competition single round if transferred each other with one once, if competition two if carried out periodically, two times to meet need His such a system or fair competitors forces ratio to set a more reasonable and strong team to determine possibility gives, in which the competition at the end of the common randomness element known level eliminate will be done. This system according to competitions two circular by doing transfer the most right is considered In the round-robin system, all the places of the participants of the competition are accumulated points to the number looking is determined. Transferred the result of all games a lot point received team (or physical educational team) winner is considered One or one in how many teams points are equal being while the rest the winner determination for competition in some order addition indicators or events (eg an additional match between these teams or a previously played match between these teams results, or included balls ratio) means to be caught need
