ARTICLES IN ENGLISH AND THEIR USAGE

ABSTRACT

Is to give an overview of the usage of articles in English. After gaining independence in our country, interest in learning foreign languages increased and many opportunities were created for young people. At first glance, English grammar may seem like the most difficult set of rules to learn. But, believe me, the real truth is not like that! As difficult, confusing and boring as English grammar may seem, it can become one of the simplest and easiest things in the world for you to learn in seconds. Only your desire is enough for this!
