Key words: approach, language acquisition, memorization, vocabulary. Enthusiasm, knowledge, desire, inquisitiveness.

INTRODUCTION

In order to teach any language, first of all it is necessary to introduce the grammar of that language to every school student, to expand their vocabulary and thinking. They should also develop their oral and written skills and feel what they are learning. Irregular verbs can be taught in different ways. First of all, it is possible to remember stories, letters, pictures, voice recordings, that is, by listening with the participation of verbs. At the same time, teaching through easy and fast effective ways is a sing that the goal can be achieved quickly.

METHOD

Learning English is necessary not only for school students but for people of any age. Language learning is a hot topic today. As our ancestors said seek knowladge from the age of seven to seventy seek knowladge from the cradle to the grave. Every person who wants to learn regardless of age , needs to have a strong thirst for knowledge.

Johann Wolfgang von Goethe , a German poet, dramatist, novelist, scientist, statestman, theater director and critic, who lived in 1749 – 1832 , said “Those who know nothing of foregn languages know nothing of their own”. In this way not knowing one's own language means ignoring the language of athers.

Frank Smith a Canadian linguist and psycholinguist who lived and worked between 1928 – 2020 the founder of the whole language approach to teaching reading said , “One language sets you in a corridor for life two languages open every door along the way” .And it is appropriate to say that great people were able to foresee the future.As an easy, quick and effective method guide for school students, irregular verbs need to be made easy to learn.

1. **Irregular verbs look the same in all three tenses.**

Set, set, set; cut, cut, cut; bid, bid, bid; put, put, put; exit, exit, exit; jump, jump, jump; close, close, close; shot, shot, shot; crack, crack, crack; hit, hit, hit.

2. **Similar sound when reading irregular verbs in all tenses.**

Beat, beat, beaten; drink, drank, drunk; sing, sang, sung; write, wrote, written.

3. **Irregular verbs from the second and third forms.**

Sleep, slept, slept; shake, slow, slow; sell, sold, sold; send, sent, sent; leave, left, left; sew, sewed, sewed; say, said, said; bend, bent, bent; have, had, had.

4. **Incorrect verbs without being divided into classes.**

Come, came, come; do, did, done; go, went, gone; show, showed, show; forget, forgot, forgotten; tear, tore, toren; steal, stole, stolen; smell, strong, stink.

5. **ow-ew-own irregular verbs ending in or aw-ew-awn.**

blow, blew, blown; draw, drew, drawn; fly, flew, flown; grow, grew, grown; know, knew, known; throw, threw, thrown.

If memorization based on the above sequendce is used correctly it can be said to advance towards the greatest goals and inculding learning to compose sentences with them will help to leave the highest peaks behind. I set the book down here, I set it there yesterday, I have set it there . I keep it with me all the time, I kept it with me all the time, I have kept it with me the whole time.I go to school, I went to school, I have gone to school.

RESULT

Nowadays it is an exaggeration to say that learning a language has become the demand of the time it is not an exaggeration to say that it has become more accelerated because language is ascience it is a great legacy that continues from our great grandfathers our ancestors knew and mastered several languages that is thoes who created in several languages they learned not only the language is known all over the world thoes who discovered every science so we the young generation should also make a name for ourselves with worthwhile work in the future. We should help our shooter to become a mature person.The correct application of the above – mentioned methods is of great importance and requires a strong will from school childern to act quickly and from teachers to work on strong methods to create conditions for the student to be able to show enthusiasm. They should be able to give.

CONCLUSION

In conclusion, in order to gain knowledge, first of all, the desire must be courage, and it is necessary to be able to use different methods. To learn a language, we can find the right way to the highest heights in every field of our life and find our own way. It is a thankless help that invites us to take over. Therefore, let's raise our children to be knowledgeable, enlightened mature people from a young age, dear parents, don't spare your love and knowledge, great teachers.
